A New High In Colour Scanning.
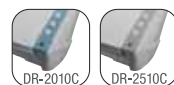

imageFORMULA
DR-2010C
DR-2510C

Experience high-quality colour duplex scanning at the speed of black & white with the **DR-2010C** and **DR-2510C** compact workgroup document scanners! Plus reliable feeding, advanced image processing functions, customizable job buttons and so much more!

The **DR-2010C** and **DR-2510C** are compact workgroup document scanners offering fast, high-quality colour duplex scanning at the same speed as in black and white plus a host of efficiency-boosting features that are easy to use. The scanner is available in two versions – the 20 ppm (40 ipm)* **DR-2010C** in white with blue trim, and the 25 ppm (50 ipm)* DR-2510C in white with gray trim. In addition, the **DR-2510C** is equipped with Ultrasonic Double Feed Detection.

A4/LTR, B&W/Colour, 200/300dpi

Versatile, space-saving design

Compact footprint scanner

The scanner's small footprint and versatile tray design make it ideal for use on desktops and countertops, and anywhere with space constraint. The three-way design allows the scanner to be used with the built-in eject tray closed, opened, or half opened with stopper (for card-size documents, not shown) to suit your workspace.
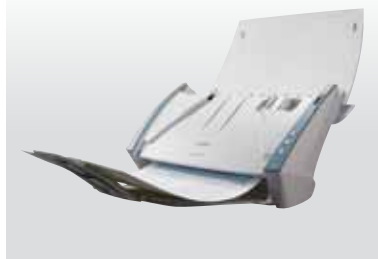

Handles a wide variety of documents

Canon's newly designed paper path ensures smooth scanning of a wide variety of document types, including thick documents, multi-sheet forms, driver licenses, and embossed plastic cards. Using the Folio function, you can scan even larger documents up to A3/11" x 17" in size.

Card Scanning

Folio mode

Fast, high-quality scanning

Fast scanning – even in colour

Thanks to a new and improved CMOS contact image sensor, colour documents can be scanned just as quickly as black and white ones, and double-sided documents can be scanned in one pass as fast as single-sided pages. The **DR-2010C** offers a top speed of 20 ppm / 40 ipm, and the **DR-2510C** achieves 25 ppm / 50 ipm. Both feature an automatic document feeder that holds up to 50 sheets for efficient batch scanning.

DR-2010C **20 ppm** / DR-2510C **25 ppm**

Fast colour scanning at the same speed as in B & W.
(A4/LTR, 200/300dpi, simplex/duplex)

Superior Canon image quality

The scanner delivers high-quality images in diverse formats such as searchable PDF at up to 600 dpi optical resolution. Three-dimensional Colour Correction offers pinpoint colour matching to produce images that are true to the original document. And diverse image processing functions are available to optimise the readability of difficult-to-scan documents, such as those with light coloured text or patterned backgrounds.

Advanced Text Enhancement II mode

Reliable document feeding

Canon's reliable page separation mechanism ensures smooth paper feeding for worry-free scanning. For extra protection against double feeds, the **DR-2510C** is equipped with ultrasonic sensors that detect and prevent overlapping pages from being fed into the scanner at the same time.

Ultrasonic emitter — DR-2510C only
Ultrasonic sensor — Direction of document
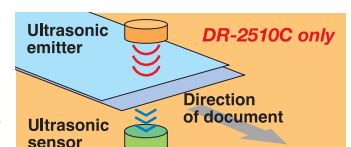

Ultrasonic Double Feed Detection, available in DR-2510C

• 25 ppm / 50 ipm
• Ultrasonic Double Feed Detection

Easy to use

Job buttons for one-touch scanning
Assign routine scan tasks to three customizable job buttons for quick and easy scanning. Job buttons offer one-touch access to functions such as Scan to Email and Scan to Folder – plus all relevant scan settings.

3 customizable one-touch job buttons

Automatic Colour Detection
The scanner is equipped with Automatic Colour Detection for easy scanning of mixed batches. This mode eliminates the need to separate black and white and colour documents prior to scanning and helps keep image file sizes to a minimum by saving images in the appropriate format.

Image processing functions for effortless batch scanning
Scan unsorted batches with ease using efficiency-boosting image processing functions such as Automatic Page Size Detection, Skip Blank Page, Deskew, Text Orientation Recognition, and more.
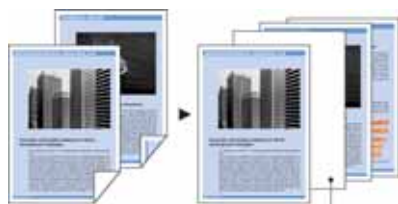

This blank page gets omitted from the image file.

Skip Blank Page function

Auto power on/off
The new auto power feature contributes to energy efficiency and prevents the scanner from being accidentally left on. When power is switched to AUTO, the scanner turns on/off automatically, depending on the status of the connected PC. Manual on/off is also available.

Bundled Software

Capture Perfect
CapturePerfect is Canon's own scanning application that makes it easy to get great scans straight out of the box. Through a user-friendly interface, the software gives you a wide choice of file-saving formats and file distribution options such as searchable and encrypted PDF, Scan to Mail, Scan to Presentation, and more.

ADOBE® ACROBAT® 8 STANDARD
The industry's leading application for the creation of PDF files, Adobe Acrobat features robust tools for document sharing and security, file commenting, and much more.

ScanSoft PaperPort SE
PaperPort, a file management application renowned for its intuitive and user-friendly graphic user interface, makes it easy to store, organize and retrieve your digital documents.

OmniPage® 4 SE
OmniPage converts original paper documents into editable electronic files through OCR.
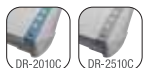

Presto! BizCard 5
Presto! BizCard Reader lets you scan business cards to convert and organize important contact information into a searchable database.

In addition to the above applications, the DR-2010C and DR-2510C can be used with wide varieties of ISIS- or TWAIN-based scanning software available in the market.

SPECIFICATIONS

imageFORMULA DR-2010C DR-2510C

Type	Desktop sheetfed scanner
Document feeding	Automatic or manual sheet feeding
Document size	Width: 50 – 216 mm (1.97 – 8.5 in.)
	Length: 53.9 – 356 mm (2.12 – 14.0 in.)
Document thickness and weight	Automatic feeding: 0.06 – 0.15mm, 52 – 128 g/m^2 (14 – 32 lb bond)
	Manual feeding: 0.05 – 0.20 mm, 40 – 157 g/m^2 (11 – 40 lb bond)
Card size and thickness	Size: 53.9 x 85.5 mm (2.12 x 3.37 in.)
	Thickness: no more than 0.76 mm (0.03 in.), cards with embossed letters are supported
Feeding capacity	50 high-quality sheets, or stacks no thicker than 5 mm (including curls)
Scanning element	1-line CMOS CIS
Light source	LED (red, green and blue)
Scanning side	Simplex / Duplex / Skip Blank Page / Folio
Scanning modes	Black and White, Error Diffusion, Text Enhancement (two types)
	256-level Grayscale
	24-bit Colour
Scanning Resolutions	100 x 100 dpi, 150 x 150 dpi, 200 x 200 dpi, 240 x 240 dpi, 300 x 300 dpi, 400 x 400 dpi, 600 x 600 dpi
Scanning speed* (A4/LTR, Portrait, 200 dpi)	Black and White — DR-2010C: 20 ppm (Simplex) / 40 ipm (Duplex), DR-2510C: 25 ppm (Simplex) / 50 ipm (Duplex)
	256-level Grayscale — DR-2010C: 20 ppm (Simplex) / 40 ipm (Duplex), DR-2510C: 25 ppm (Simplex) / 50 ipm (Duplex)
	24-bit colour — DR-2010C: 20 ppm (Simplex) / 40 ipm (Duplex), DR-2510C: 25 ppm (Simplex) / 50 ipm (Duplex)
Useful functions	Ultrasonic Double Feed Detection (DR-2510C only), Auto Colour Detection, Moire Reduction, Prevent Bleed Through /
	Remove Background, User Registration, Advanced Text Enhancement, Skip Blank Page, Prescan, Auto Paper Size Detection,
	Deskew, Batch Separation, Text Orientation Recognition, Edge Emphasis, Preset Gamma Curve, Colour Dropout (R/G/B),
	Colour Enhancement (Red)
Interface	Hi-speed USB 2.0
Software	ISIS/TWAIN Driver, Job Registration Tool, CapturePerfect 3.0, Adobe Acrobat 8.0 Std, PaperPort SE, OmniPage SE,
	Biz Card Reader
Power requirements	AC100 – 240V (50/60 Hz)
Power consumption	Scanning: 16W, Sleep mode: 2.2W, Power Turned Off: less than 0.5W
Operating environment	10 – 32.5ºC (50 – 90.5ºF), Humidity: 20 – 80% RH
Dimensions (W x D x H)	298 x 160 x 160 mm (11.7 x 6.3 x 6.3 in.), with feed trays closed
Weight	Approx. 2.4 kg (5.3 lb.), excluding AC adapter
Optionals/Consumables	Exchange Roller Kit (Feed Roller, Retard Roller, Paper Support Guide)

*Actual scanning speed may vary depending on your system configuration and PC. Specifications are subject to change without notice.

Easy Maintenance

The DR-2010C and DR-2510C are durable and easy to keep in top scanning condition. A user-installable Exchange Roller Kit (sold separately) is available for replacing worn rollers – no service technician is required.
