| Control Panel | Drum Apparatus | Feeding Tray | Disposal Master |

# RD-4129

## Low Cost
The duplicator has also furnished a perfect printing solution of low cost and high speed to customers expecting to print batches of materials, and the more you print, the lower cost for each of the printed material.

**Low Cost Print Sketch Map**

- Each print cost of digital duplicator
- Each print cost of copier
- Total printing time of digital duplicator
- Total printing cost of copier
## Simple Operation:
The angle of control panel, key layout, levers and doors on the duplicators are all designed based on thorough ergonomic studies so everybody in the organization can use them easily. No special training is required.

## Intelligent Flat Bed Scanner
Flat bed scanner gives fast, convenient scanning of bound originals up to A3 size without breaking them apart. There's even a function to intelligently remove the gray background color frequently found when scanning newspapers and the like
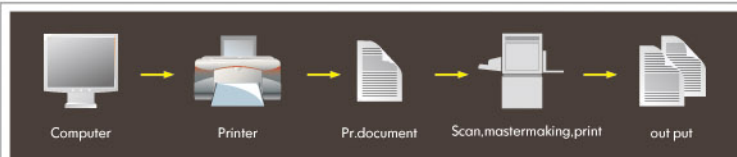

## Colorful Chromatically Printing
With a simple drum change, multiple colour printing is available

## Secrecy System
Operators can input a personal code, then the machine can not be used without the code.

## PC Connection
Equip standard USB interface, is a perfect printer. High-speed computer connect function save your time and improve the working efficiency.

MORE THAN 10 COLORS

Computer → Printer → Pr.document → Scan,mastermaking,print → out put

Computer → Scan,mastermaking,print → out put

- Time saving
- High efficiency
- Excellent quality

◎Traditional way: It takes 4 hours and need participation of the operator

◎It takes two procedures, and the operator only needs to practice distant controls on the panel.
